Guest blogger offers insider perspective on INTEREST Workshop

Known as the “African CROI,” the INTEREST Workshop brought together scientists involved in HIV treatment, pathogenesis, and prevention research in Africa to share pivotal findings, promote collaboration, and transfer experiences across several fields and many continents. Natalie Martyn, Sr. Project Manager for the Southern African HIV Clinicians Society, [shares her insights](#) on the 11th International Workshop on INTEREST, which was held from 16-19 May in Lilongwe.

New video discussion on pace of HIV research

Dr. Anthony Fauci, Director of the U.S. National Institute of Allergy and Infectious Diseases sat down with FHI 360's Dr. Otto Chabikuli, Director of Global Health, Population and Nutrition, for [a Facebook Live chat](#) on the science of HIV. Dr. Fauci talked about his experience working in HIV research for more than 35 years, addressing issues such as what a cure for HIV might look like, the multiple ways to prevent HIV infection, treatment as prevention, and the projects that his team is currently working on.
